About SPRD

Spreadtrum Communications, Inc., through its subsidiaries, operates as a fabless semiconductor company that designs, develops, and markets baseband processor and RF transceiver solutions for wireless communications and mobile television markets. It offers a portfolio of integrated baseband processor solutions that support a range of wireless communications standards. The company sells its products directly, as well as through distributors to brand manufacturers, independent design houses, and original design manufacturers primarily in China, Hong Kong, and Macau. Spreadtrum Communications, Inc. was founded in 2001 and is headquartered in Shanghai.

About NOAH

Noah Holdings Limited, through its subsidiaries and variable interest entity, engages in the distribution of OTC wealth management products to the high net worth population in China. It markets and distributes various categories of products supplied by third party product providers, based on the underlying assets class. The company also offers proprietary wealth management products. It serves high net worth individuals; enterprises affiliated with high net worth individuals; and wholesale clients, primarily local commercial banks or branches of national commercial banks that distribute wealth management products to their own clients.

About VALV

Shengkai Innovations, Inc., through its subsidiaries and Tianjin Shengkai Industrial Technology Development Co. Ltd. (Shengkai), is engaged in ceramic valve manufacturing. Its product categories include a range of valves in all industries that are sold throughout China, to Europe, North America and other countries in the Asia-Pacific region. Shengkai produces a range of ceramics in categories, and produce more than 700 specifications that sustain a maximum pressure level of 42 Mega Pascal. It provides a series of services related to industrial ceramic valves.
