### About CSIQ

Canadian Solar Inc. (CSI) designs, develops, and manufactures solar wafers, cells and solar module products that convert sunlight into electricity for a variety of uses. The Company's products include a range of solar modules built to general specifications for use in a range of residential, commercial and industrial solar power generation systems. Specialty solar modules and products consist of customized solar modules that its customers incorporate into their own products, such as building integrated photovoltaic modules (BIPV) modules, and complete specialty products. The bulk of Canadian Solar's manufacturing facilities are now located in China.

### About HNP

HUANENG POWER INTERNATIONAL, INC. is principally engaged in the investment, construction, operation and management of thermal power plants. The Company's electricity generation business covers Northeast China Grid, North China Grid, Northwest China Grid, East China Grid, Central China Grid and South China Grid, as well as grid in Singapore. The Company's power plants are mainly located in Shandong province, Liaoning province, Zhejiang province, Guangdong province, Jiangsu province, Hebei province, Fujian province, Jiangxi province, Chongqing city, Gansu province, Beijing city and Shanghai city, among others. The Company also provides heating power products.

### About CHGS

China GengSheng Minerals, Inc. is a holding company operating in the materials technology industry. It develops, manufacture and sell a range of mineral-based, heat-resistant products. It operates in four segments: refractories, industrial ceramics, fracture proppants and fine precision abrasives. It conducts its operations in China through its wholly owned subsidiaries, Henan GengSheng Refractories Co., Ltd., Zhengzhou Duesail Fracture Proppant Co., Ltd., Henan GengSheng Micronized Powder Materials Co., Ltd., Guizhou Southeast Prefecture GengSheng New Materials Co., Ltd., and through its majority owned subsidiary, Henan GengSheng High-Temperature Materials Co., Ltd.
