About STV

China Digital TV Holding Co., Ltd., through its subsidiaries, provides conditional access (CA) systems to the digital television market in China. It offers CA systems, including smart cards, head-end software for television network operators, and terminal-end software for set-top box manufacturers, which enable digital television network operators to control the distribution of content and value-added services to their subscribers and block unauthorized access to their networks. The company was founded in 2004 and is headquartered in Beijing, China.

About CHA

China Telecom Corporation Limited, together with its subsidiaries, provides wireline and mobile telecommunications services primarily in the People's Republic of China. Its services include local and long distance wireline telephone services; CDMA mobile voice services; managed data services; leased line, roaming, and interconnection arrangements; broadband Internet; value-added telecommunications services, such as Internet access services and information services; integrated information application services; and other related services. The company was incorporated in 2002 and is based in Beijing, China. China Telecom Corporation Limited is a subsidiary of China Telecommunications Corporation.

About WH

WSP Holdings Limited, together with its subsidiaries, manufactures and sells seamless oil country tubular goods. The company offers American Petroleum Institute (API) products, which are the products manufactured according to the standards formulated by the API; and non-API products that are products tailor-made to meet customers' specifications. Its products include casing, tubing, and drill pipes that are used for oil and natural gas exploration, drilling, and extraction activities, as well as line pipes, green pipes, iron ore pellets, iron ore billets, and other unfinished products. WSP Holdings Limited was founded in 1999 and is headquartered in Wuxi, China.
