### About WUHN

Wuhan General Group (China), Inc. engages in the design, development, manufacture, and sale of industrial blowers for steam-driven electrical power generation plants in the People's Republic of China. Its blower products include axial fans that provide high-volume and low-pressure air for larger power stations; and centrifugal blowers, which offer lower volumes of air at higher pressures for use in medium-sized power stations for blowing coal dust into furnaces, as well as for aeration in sewage treatment plants. The company also produces steam and water turbines consisting of regular steam turbines and co-generation steam turbines for use in electrical and hydropower plants.

### About RHUHF

Richelieu Hardware Ltd. imports, distributes, and manufactures specialty hardware and related products in Canada and the United States. The company's principal product categories include furniture, glass and building decorative and functional hardware, lighting systems, finishing and decorating products, ergonomic workstation components, kitchen and closet storage solutions, sliding door systems, decorative and functional panels, high-pressure laminates, and floor protection products. It also manufactures veneer sheets and edgbanding products, as well as various decorative moldings and components for the window and door industry.

### About GLCC

Good Life China Corporation operates a chain of franchised convenience stores in Hebei Province, the People's Republic of China. The company employs retail concepts, such as e-commerce enabled POS/back office systems. Its stores offer various products, such as fast food and snacks, groceries, alcoholic beverages, health and beauty aids, kitchen appliances, clothing and footwear, toys, newspapers and magazines, hardware, and specialty regional products. It also provides warehousing and distribution services for farm input products, as well as sells commodity crops on behalf of local farmers.
